GENERATING GROWTH OPPORTUNITIES AND PRODUCTIVITY FOR WOMEN ENTERPRISES (GROW) PROJECT

PROJECT ID NO: P176747

GRANT NO.: 0920-UG

REQUEST FOR APPLICATIONS FOR GENDER-INCLUSIVE WORKPLACE INFRASTRUCTURE GRANT

PUBLICATION DATE: 11TH FEBRUARY 2025

SUBMISSION DEADLINE: 18TH MARCH 2025

INTRODUCTION AND ELIGIBILITY REQUIREMENTS

Background

The Government of the Republic of Uganda has received financing from the World Bank towards the cost of implementing the Generating Growth Opportunities and Productivity for Women Enterprises (GROW) Project. The primary objective of the GROW Project is to enhance economic opportunities and productivity for women enterprises in Uganda. As part of this initiative, infrastructure grants are being offered to support the development and improvement of gender-inclusive workplace infrastructure that will facilitate the growth and sustainability of women-led enterprises.

Objective of the Request for Applications (RFA)

The purpose of this Request for Applications is to invite eligible applicants to apply for infrastructure grants under the GROW Project. The grants are aimed at funding infrastructure projects that will improve the operational capacity and market access of women-led enterprises. Therefore, at least 85% of the funds must be allocated to improving the Common User Facilities (CUFs) and infrastructure.

Scope of infrastructure grants in terms of support

The infrastructure grant supports Micro and Small Enterprises in constructing, refurbishing, expanding, repairing, and equipping common-user production facilities to enhance their productivity. Eligible applicants include women's associations, cooperatives, NGOs, Faith Based Organizations, government Ministries, Departments and Agencies, incubation centers, and social enterprises in cities, municipalities, rural areas, and refugee-hosting districts and settlements, fostering inclusive economic growth for women entrepreneurs. Active and functional women-affiliated common user facilities that have previously benefited from government programs, such as those funded by the World Bank and other development partners, are eligible and encouraged to apply. The implementation period is two years. The facility must be fully operational, with all equipment and infrastructure utilized at a minimum of 80% capacity by the end of the first two years of project funding. The grant will support upgrading of existing facilities and/or new constructions that women entrepreneurs use as part of their business activities. Specifically, the grant will support the following:

- New construction, refurbishment, expansion and completion of common user facilities for productive use, including addressing women's constraints through sanitary, breastfeeding, and childcare facilities- with requisite equipment, utility and safety upgrades, quality control and testing facilities,
- Acquisition of shared production-enhancing equipment and facilities, including Information and Communications Technology (ICT) software and hardware,
- Digitally enabled co-working spaces to increase women's access to digital technologies and online work,
- Capacity building and training for equipment operation and maintenance not exceeding 5% of the budget
- Associated human resource cost not exceeding 10% of the budget to identify appropriate technologies, install, operate and maintain infrastructure and equipment. These human resources can be short-term consultants or full-time employees
- Costs associated with mitigating the environmental and social impacts and risks of grant activities not exceeding 5% of the budget. These mitigation measures should clearly outline associated resource needs. The first tranche of disbursement for successful applicants may cover costs related to necessary assessments such as Environmental & Social impact assessments, project briefs, Environmental and Social Management Plans,

- Consultancy services not exceeding 10 % of the budget to undertake engineering designs and prepare bills of quantities, and Professional and consultancy services rendered by people with relevant technical expertise.

Eligibility criteria

The Ministry of Gender, Labour and Social Development now invites eligible enterprises (grantees) to apply for gender-inclusive workplace infrastructure grant funding. Interested applicants should provide information demonstrating that they have the required qualifications and meet the eligibility requirement. Therefore, the organizations eligible to apply include:

- Women's Entrepreneurship Associations;
- Cooperatives with at least 50% female entrepreneur participation;
- Community-Based Organizations (CBOs);
- Non-Government Organizations (NGOs);
- Faith Based Organizations (FBOs);
- Government Ministries, Departments and Agencies (MDA's); including Local Governments;
- Business Incubation Centers; and
- Social enterprises supporting large numbers of women within the value chain.

Interested applicants/enterprises (grantees) should provide the underlisted:

- **Certificate of Registration.** The organization should have been registered at least two years prior to this process.
- **Proof that at least a significant number** (25 or more) of women entrepreneurs will directly benefit from the facility; demonstrated through a register of the members/beneficiaries.
- **Proof of legal access** to use the facility for at least the next 10 years/or ownership of land, demonstrated through copies of a land title, lease agreement, memorandum of understanding and other legally binding documentation.

Please Note:

- a) Subject to fulfilling the above requirements, the Ministry will assess the values of business assets and turnover.*
- b) Ministry of Gender, Labour and Social Development will verify all documents to be provided. Falsification will lead to automatic disqualification.*
- c) The Ministry will provide support in design review, review of specifications for equipment and supervision of works.*
- d) successful beneficiaries shall be required to obtain relevant building approvals from the local Authorities.*

Eligible costs: -

- Eligible costs (see attached template for allowable cost);
- Costs must comply with tax laws, and grant funds will not cover Value Added Tax (VAT). The MGLSD will provide grantees with a copy of the circular on waiver of VAT on externally financed projects; and
- Costs must be reasonable, justified, and comply with the principle of sound financial management, regarding economy and efficiency.

Ineligible Activities and Costs

Grant funds cannot be used for the following:

- Private ceremonies, parties, celebrations, or "representation" expenses,
- Purchase of land,
- Purchases of motor vehicles, including motorcycles,
- Prohibited goods including but not limited to military and surveillance equipment, police or law enforcement equipment, luxury goods, and gambling equipment,
- Any purchases or activities deemed unnecessary to accomplish grant purposes,
- Settlement of previous obligations and/or bad debts,
- Fines and/or penalties,
- Creation of endowments, and
- Costs incurred before execution of the agreement will not be reimbursed.

Please also refer to the full list of ineligible activities under the GROW project at <https://grow.go.ug/wp-content/uploads/2024/08/THE-GROW-PROJECT-EXCLUSION-LIST.pdf>

Grant Sizes

Preliminary allocation across multiple grantee categories is proposed as below:

Location	Category	Grant Size (\$)	Category Description
Cities and Municipalities	Small Facilities	75,000-100,000	Single-sector facilities (e.g., crafts, small dairy plants).
	Medium Facilities	100,000 – 200,000	Integrated facilities (e.g., agro-processing with packaging units).
	Large Facilities	200,000 – 300,000	Industrial-level facilities (e.g., leather product manufacturing, advanced creative spaces).
	Exceptional Facilities	400,000-500,000	Landmark projects with high impact (e.g., regional agro-processing hubs, advanced tech facilities).
Rural Areas & Refugee Hosting Districts/ Settlements	Small Facilities	50,000 – 75,000	Basic production or crafting facilities (e.g., dairy, crafts, or small agro-processing units).
	Medium Facilities	75,000 – 150,000	Multi-functional facilities (e.g., agro-processing and leather products combined).
	Large Facilities	150,000 – 250,000	Comprehensive production hubs (e.g., agro-processing with refrigeration and storage capabilities).

Please Note: Applicants/Grantees are required to submit financial statements for the past two years to facilitate assessment of the values of business assets and turnover; save for exceptional projects that have high social economic value and public proposals from government and faith-based agencies that benefit large numbers of women.

NAME OF BIDDER/PROVIDER

Letter of Acceptance of the World Bank's Anticorruption Guidelines and Sanctions Framework²

Date: _____

Contract #: _____

Contract Description: _____

To:

We, along with our sub-contractors, sub-consultants, service providers, suppliers, agents (whether declared or not) consultants and personnel, acknowledge and agree to abide by the World Bank's policy regarding Fraud and Corruption (corrupt, fraudulent, collusive, coercive, and obstructive practices), as set out and defined in the World Bank's Anti-Corruption Guidelines³ in connection with the procurement and execution of the contract described above ("the Contract"), including any amendments thereto.

We declare and warrant that we, along our sub-contractors, sub-consultants, service providers, suppliers, agents (whether declared or not), consultants and personnel, are not subject to, and are not controlled by any entity or individual that is subject to, a temporary suspension, early temporary suspension, or debarment imposed by a member of the World Bank Group, including, inter alia, a cross-debarment imposed by the World Bank Group as agreed with other international financial institutions (including multilateral development banks), or through the application of a World Bank Group finding of non-responsibility on the basis of Fraud and Corruption in connection with World Bank Group corporate procurement.

We confirm our understanding of the consequences of not complying with the World Bank's Anti-Corruption Guidelines, which may include sanctions, pursuant to the Bank's Anti-Corruption Guidelines and in accordance with its prevailing sanctions policies and procedures as set forth in the Bank's Sanctions Framework. This may include a public declaration of ineligibility, either indefinitely or for a stated period of time, (i) to be awarded or otherwise benefit from a Bank-financed contract, financially or in any other manner;⁴ (ii) to be a nominated⁵ sub-contractor, sub-consultant, consultant, manufacturer or supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract; and (iii) to receive the proceeds of any loan made by the Bank or otherwise to participate further in the preparation or implementation of any Bank-financed project.

²[Drafting note: This document shall be signed by the contractor/consultant/supplier and maintained by the Borrower in the project files.

³*Guidelines on Preventing and Combating Fraud and Corruption in Projects Financed by International Bank for Reconstruction and Development Loans and the International Development Agency Credits and Grants*, dated October 15, 2006, and revised in January 2011 and July 2016, as they may be revised from time to time.

⁴ For the avoidance of doubt, a sanctioned party's ineligibility to be awarded a contract shall include, without limitation, (i) applying for pre-qualification or initial selection), expressing interest in a consultancy, and bidding, either directly or as a nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider, in respect of such contract, and (ii) entering into an addendum or amendment introducing a material modification to any existing contract.

⁵A nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider (different names are used depending on the bidding document) is one which has been: (i) included by the bidder in its pre-qualification or initial selection application or bid because it brings specific and critical experience and know-how that allow the bidder to meet the qualification requirements for the particular bid; or (ii) appointed by the Borrower.

We understand that we may be declared ineligible as set out above upon:

- a. completion of World Bank Group sanctions proceedings according to its prevailing sanctions procedures;
- b. cross-debarment as agreed with other international financial institutions (including multilateral development banks);
- c. the application of a World Bank Group finding of non-responsibility on the basis of Fraud and Corruption in connection with World Bank Group corporate procurement; or
- d. temporary suspension or early temporary suspension in connection with an ongoing World Bank Group sanctions proceeding.]

We shall permit, and shall cause our sub-contractors, sub-consultants, agents (whether declared or not), personnel, consultants, service providers or suppliers, to permit the Bank to inspect⁶ all accounts, records, and other documents relating to the procurement process and/or Contract execution, and to have them audited by auditors appointed by the Bank.

We agree to preserve all accounts, records, and other documents (whether in hard copy or electronic format) related to the procurement and execution of the Contract.
